### 良さを伸ばすことを目指して

園長 和宇慶 江理子

温かい日差しとさわやかな風が吹き、外遊びや散歩が楽しい季節となりました。青空の下を泳ぐこいのぼりのように元気に遊んでいる子ども達。花や虫など、身の回りの自然に興味津々の子ども達。園内でドレスやバッグなどを作っている子ども達。ブロック遊びやままごとをする子ども達。絵本を楽しそうに読んでいる子ども達。そしてK2がK1をいたわる微笑ましい光景もあちこちで見られます。

新学年度が始まって1カ月近くが経ち、次第に園生活に慣れてきた子ども達です。一人一人の興味関心、特性を見極め、良さを伸ばしていけるように日々取り組んでいるところです。

### Aiming to improve children's good point

The best season for taking a walk and playing outside has just come around. Some children are playing cheerfully outside like *Koinobori* (carp-shaped streamer) swimming under the beautiful blue sky. Others are very interested in flowers and bugs in the outside. Inside the classroom you see some children making dresses and bags with pretty papers. Other children are playing house or making something with blocks. Yet some other children are reading books joyfully. We can see K2 friends helping K1 friends kindly. We are together looking into an interest and characteristics of each child and are trying to improve each child's good point.

We thank everyone for coming during our Open Class last April 18<sup>th</sup>, 2018.  
We appreciate your support and are looking forward to more activities with you!
