

# Welcome to Kindergarten

Kinder teachers are so happy to have you as AMICUS Kindergarten friends although we are in this unprecedented situation now.

We really want to see you as soon as possible but we still need to wait unfortunately.

One wish that we have now is that everyone will stay healthy and safe so, please be careful not to be infected with the corona virus.

Kinder teachers will send you emails and also be thinking to give you some activity through the digital contents.

We are looking forward to seeing you.
