ONE TO ONE DEVICES

INSURANCE

**DEVICE MANAGEMENT
AT HOME**

AUP(PARTIAL)

Lost, Damaged, Faulty or Stolen I.C.T.Equipment

Any issues with equipment failure due to hardware failure, including the battery, that are not the result of negligent use, are covered by Okinawa AMICUS International and should be reported to Okinawa AMICUS International ICT Department through the homeroom teacher. **Parents/Guardians will be held responsible for ALL damage to or loss of devices and equipment issued by Okinawa AMICUS International in their child's possession including, but not limited to: broken or scratched screen, damage to the exterior shell, damaged buttons and ports, inoperability, etc. Repair cost will be assessed on a case-by-case basis. Should the cost to repair exceed the cost of purchasing a new device, the parent/guardian will pay for the full replacement value of the device. Depending on your insurance policy, damage may be covered by your property insurance. For details, please contact your insurance company.** Please also note that if damage to the AMICUS issued equipment checked out under the care of students is intentional or the student shows negligence further disciplinary action may be taken by the School.

DEVICE MANAGEMENT AT HOME

 jamf | PRO

Jamf Parent

By installing the Jamf Parent app on your device, you can register your child's school iPad and manage how they use it outside of school hours.

Before installing Jamf Parent...

**Connect your child's device and
the device you will be adding Jamf
to the same network.**

Before installing Jamf Parent...

Time you cannot edit Jamf

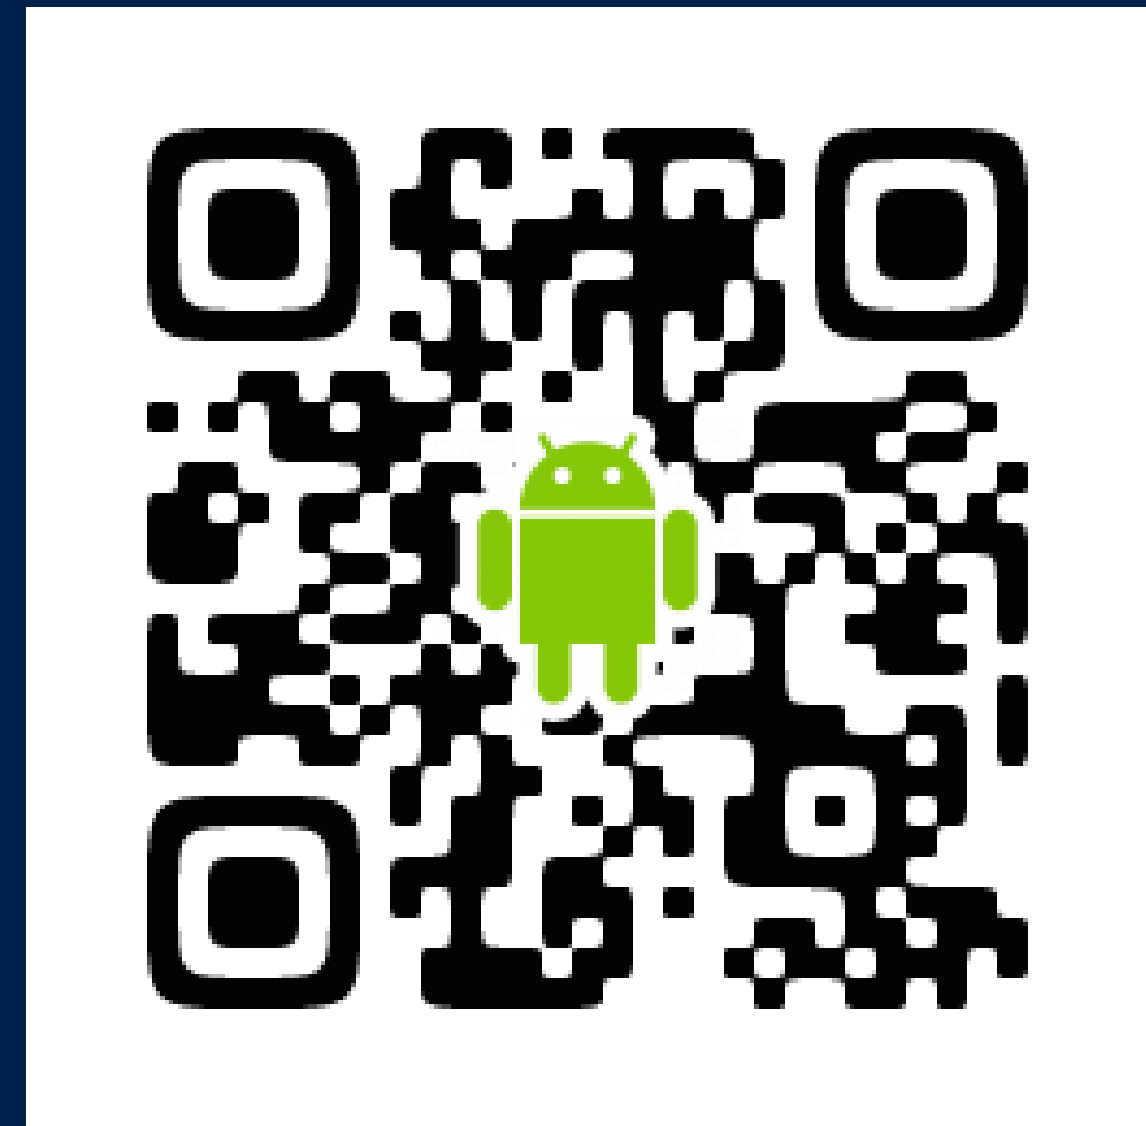

Mon to Fri 8:00~15:30

During the above period, the children's iPads are under the school management system.

Open Self Service on the school iPad

Self Service

Installing Jamf Parent

Installing Jamf Parent

The screenshot shows a mobile application interface with a dark theme. On the left is a vertical menu with the following items: 'Self Service' (with a colorful icon), 'Home' (with a house icon), 'Search' (with a magnifying glass icon), 'Notifications' (with a bell icon), 'Browse' (with a folder icon), and 'All'. The main content area displays the 'JAMF Parent' app card. At the top of the card is the app icon and the text 'JAMF Parent'. Below this is a paragraph: 'Jamf Parent empowers parents or guardians to manage this device. The app is available for many devices including iPhone, iPad, watchOS, and Android.' Underneath is a section titled 'Getting Started' with the text: 'Download the Jamf Parent app on your device from the App Store or the Google Play Store. Then follow the instructions in the Jamf Parent app to manage this device.' At the bottom of the card is a large QR code with a white question mark overlaid in the center.

FAQ

Can we manage the school iPad with two separate smartphones?

Yes. You can manage the school iPad with multiple devices. However, the settings will be unified in all management devices so it is not possible to have separate settings.

FAQ

I have three children.

Can I manage all three iPads with one device?

Yes. On the "Add Child's Device" screen in the "Jamf Parent" app, you can add each iPad by scanning the QR code displayed in the "Self Service" app on each iPad. However, you will need to create a rule for each iPad.

FAQ

I cannot find the QR code on my child's iPad...

Please double-check that you have the "Self Service" app open. There are other apps with similar names, such as "Jamf Trust."

FAQ

I cannot access the rule settings in the Jamf Parent app. Instead, it shows an "Unable to configure" error message.

Parents cannot set rules during school hours while the iPads are under the school management system. (from 8:00 AM to 3:30 PM on weekdays)
Please try again outside of the said period.

FAQ

My child's iPad screen is only showing Kahoot. Is there something wrong with it?

The issue is likely caused by the fact that the only app listed under "Restricted apps" in the current rule is Kahoot. Please edit the rule to add other apps or delete the rule and create a new one.
